Second Grade

- Label the end points on your number line 0 and 1,000.
- Count by hundreds to 1,000 and label those numbers.
- Label these numbers on the number line: 120, 350 and 867.
- How did you know where those numbers go?

- Now label 100 more than 120, 350 and 867.
- What do you notice?
