You will each construct a star quilt pattern for a class quilt project. Decide which two colors of construction paper squares you will use to represent the two fields of color. Glue the pieces onto the paper pattern provided according to your key. You will want to fold and cut your square pieces into triangles so that they will fit your quilt block pattern. Cut out the finished quilt square.

Answer these questions:

◆ How many triangles of color #1 did you use?

◆ How many triangles of color #2 did you use?
How many triangles of both colors did you use all together?

What is the square area of this quilt block?

What else did you notice? Can you think of three other things?
Quilt Squares

Evening Star

name ______________

Color 1

Color 2
